## Survey Evaluation Results

Dear Professor Weber,

Attached please find your course evaluation results for the course Asmnt of Online Lrng Outcms I.

Individual course reports are provided as separate reports. An Instructor Profile report is a compilation of individual course reports automatically included in a report request. If only one individual course report was requested, the Instructor Profile report and the Individual Course Report will be identical.

Interpretation of Overall Indicators:

Global Index--Calculated by adding the results of all scaled questions on the evaluation, and dividing by the number of evaluations returned.

Numbered Indicators--Calculated by adding the results of all scaled questions in a question group, and dividing by the number of evaluations returned.

Note: Question group 2 includes only one question "Overall Instructor Rating." The value is the average of the responses to that single question; it is NOT calculated from the values in Question Group 3, "Instructor Evaluation." The values of the two indicators may be similar, but may not be identical.

If you have general questions about the evaluation processing and reporting please contact the following:
